Robert (Bob) Ansara Real Estate Specialist & Trust Officer

Bob Ansara joined the Dunham Trust Company (DTC) in 2020 after the company he founded in 2003 was acquired by DTC. He is a member of the Southern Nevada Team and specializes in real estate matters for DTC clients.

Bob came to Dunham with a 50+ year business background in hospitality, people, finances, construction, fiduciary services, estate settlements, trust administrations, receiverships, and special court appointments. He brings a fair and balanced approach to the service side of DTC real estate and client service. He has served over 325 court-appointed cases.

Born in Boston and raised in California, Bob has lived in Las Vegas Valley for 44 years. His estate and trust experience started in 2003 when he founded Professional Estate Administrators. Estate settlements - ranging from routine to complex cases - dominated his career early on, with guardianships, trusteeships, and receiver work broadening the practice over the years. His business background and extensive human relations experience made him uniquely qualified to assist cases and handle real estate matters, especially during difficult times.

Bob is married with two grown children, one granddaughter, a golden retriever, and a cat. He loves camping, cooking (and eating), hiking, gardening, reading, and traveling. One of his favorite activities is driving off-road to old mining districts for an afternoon of exploring.

About Dunham Trust Company

Dunham Trust Company is a privately held trust company. It is licensed in the states of Nevada and Colorado and is regulated by the state of Nevada, Department of Business and Industry, Financial Institutions Division. Dunham Trust opened in 1999 with the core belief that cultivating highly personal service would make a positive difference in providing exceptional trust administration services.
