- ✓ Strong entrepreneurial skills

Robert (Bob) Ansara Trust Officer, Estate Administrator, and Southern Nevada Leader

Bob Ansara joined Dunham Trust Company (DTC) in 2020 after the company he founded in 2003 was acquired by DTC. He leads the Southern Nevada team in estate settlements, trust administrations, receiverships, and special fiduciary appointments. Bob came to Dunham with a 50+ year business background including abundant experience dealing with fiduciary services, people, finances, construction, and hospitality. He brings a fair and balanced approach to the service side of trusts, estates, and general fiduciary work. He has served over 300 court appointed cases.

Born in Boston and raised in California, Bob has been a Las Vegas valley resident for 41 years. His estate and trust experience started in 2003 when he founded Professional Estate Administrators. Estate settlements ranging from routine to complex cases dominated his career early on with guardianships, trusteeships, and receiver work broadening the practice over the years. His business background and extensive human relations experience make him uniquely qualified to assist cases, individuals, and families through difficult times.

Bob is married (37 years), has two grown children, one granddaughter, a golden retriever, 2 cats, and loves camping, cooking (and eating), hiking, gardening, reading, and traveling. One of his favorite activities is off road traveling to old mining districts for an afternoon of exploring.

About Dunham Trust Company

Dunham Trust Company is a privately held trust company. It is licensed in the states of Nevada and Colorado and is regulated by the state of Nevada, Department of Business and Industry, Financial Institutions Division. Dunham Trust opened in 1999 with the core belief that cultivating highly personal service would make a positive difference in providing exceptional trust administration services. Whether we are working with a family running a business or assisting a wealth manager, building lasting relationships has been and continues to be our key to sustained success. Our senior trust officers interact directly with you so you can benefit from their extensive trust administration, operations and investment management expertise. We look forward to working together with you to build a legacy that lasts for generations.
